### What Are Your Big Dreams For Yourself And The World?

Have you ever wished that other people could see through your eyes? Here is your opportunity.

When you create art and share your vision, people have the opportunity to see things the way you see them. When your art hangs in a public gallery, everybody who comes in to see it—your friends, family, and hundreds of people you don't know and have never met—will get to see the world through your eyes. You never know, your vision may inspire others to dream big, too. Your art can change the world!

### Dreaming BIG Weekend Schedule

Student exhibitors, their families and friends, and all community members are invited to attend this very special exhibit opening and participate in the following free workshops, taught by Mariposa's Art staff.

Workshops planned include:

Storytelling and Illustration	Monoprints
Artist Trading Cards	Metal Etch
Clay Skulls	Animal Sculpture

### Application Guidelines
